

## SUGAR LOWER AT THE CLOSE. MACKAY WANTS HIS BONDS.

Bears Came to the Front in the Late Trading.

Railway and Industrial Shares included to Weakness.

There was a good buying of stocks by the professional element during the morning, and with few exceptions price ruled on a higher range. Chicago Gas and Oil fell two weeks ago. The gas declined 1.1 to 35.44, and the oil, 1.22, to 19.

Chicago Gas was hampered last night passed an ordinance for the Universal Gas Company, supposed to be in the interest of the Mutual Fuel Co., which will increase the rate of the tax at \$1 per gallon on all white gas kept in bond for five years or less, and from \$10 to this when it has been in bond over five and not over eight years.

In a majority of the stocks traded in to any extent the shorts appear to have come to the front in the latest provocation. The changes for action on the tax are now considered improved, and as railway traffic has been reduced, the market is quiet.

In addition to these matters, railroad managers are cutting down expenses wherever they can, and in some cases are laying men off in large numbers. Whether this will occasion renewed trouble remains to be seen.

Money easy at 1 per cent on call, and foreign exchange at 1.2 to 1.1. Banks are 60-day bills and 1.25 for demand.

The market is inclined to weakness, the inquiry being extremely light.

The most striking feature of the situation, from a broken standpoint, is the marked increase in the demand for bonds of all descriptions at improvably low rates. The American Gas company is being quoted at 1.2 to 1.1.

The increase in the receipts of the Government has silenced the talk about another "red cent."

Rail way mortgages are strong, and the execution of buying orders leads to material advances in the floating supply of money.
